The Advertiser's Index is published as a convenience to the reader. Care is taken to make the index accurate, but *InTech* assumes no responsibility for errors or omissions. *InTech's* advertisers would be pleased to provide additional information about their products and services. To obtain further information, simply circle (on the Reader Service Card) the number that appears to the left of the advertiser's name in this index, or call the advertiser directly. Companies highlighted are also 2004/2005 *ISA Directory of Instrumentation* advertisers.

2004 *InTech* article title index

January
Overcapacity will absorb steady growth 22
Wireless solves legacy systems 26
Infrared dusts canary on a stick 30
.NET in the real world 33

February
Protecting your data flow in an IT-driven world 26
New rules of data management 30
Bypass regional standards headaches 32
Going with bio flow 36
From lab to real world 39

March
Kicking the control system bug 30
Blocking the big boom 34
Integrating ergonomics 38
Inferred mass flow finally gets respect 43
Web services' new world 47

April
The sweet smell of success 26
General to master 30
Wafer technology has chromatograph 34
Smart, small, easy to install 39
Ultimate connection 43

May
Intrusion detection and cybersecurity 30
Fiber solution gases up 34
Surge shield 39
Pipelines dig the fieldbus 43
Cost challenges 46

June
Fine-tuning imperative 22
Tower power 28
Parallel pumps push the process 32
Tiny science thinks big 34
Protect, connect, control 39
Overachieving 42

July
Fieldbus supports a larger vision 22
Food for thought: A holistic approach 28
Speed manages streams 33
Risk or consequences? 38
Working from within 41

August
Metal oxides at industry cusp 22
Digging up savings: Go with the flow 26
Open bus integration 30
Automation comes together 34
No magic wand 38

September
Dealing with the data deluge 30
Payoff 34
HEAR THIS: Acoustic sampling 38
PLC, DCS collaborate in an alarming situation 42
Think outside the zone 47
Lean brings results 52
Sneak path analysis 56

October
Meeting the challenge of complexity 20
What's brewing in the plant? 24
Algorithm efficiency in a crude context 26
Beyond basics 31

November
PLC on drugs 30
Clouding the picture 34
There's a kind of emergence 38
Finding interoperability 42
Connecting the dots 45

December
When things go wrong 24
Safe and Secure 29
Extending the limits of Coriolis 34
Safe waters make sense 39
Peer Pressure 43
